

AUSSIE WOOL FABRICS

IN A CLASS OF ITS OWN

We support local schools and colleges with an affordable range of premium fabrics.

Across Australia Trading is pleased to announce the launch of our new range of Aussie Wool Fabrics and Australian made jackets. The jackets are constructed from some of the most texturally-rich materials sourced from one of the world's most reputable mills and come with the guarantee that all worsted products are made of Australian Merino wool fibre exclusively. Our mill is responsible for large volume supply to North America, Japan and The Middle East and specialises in school uniform fabrics in New Zealand (with a climate similar to our own).

People at all levels in the clothing industry are now looking for Australian products and proof of locally sourced wool. Aussie Wool Fabrics has been created to identify fabrics made exclusively from Australian Merino wool. The conscientious end-user can be assured the wool has come from sheep farmed in Australia. Across Australia Trading is 'ahead of the curve' with the release of its range of Aussie Wool Fabrics, while most other textile suppliers choose profit margins over quality and customer satisfaction.

From Adelaide manufacturing business Across Australia Trading comes the ultimate range of Aussie Merino wool fabrics.

What other blazer fabric supplier in Australia promises the use of Australian wool and a high quality fabric at an affordable price? This coupled with Across Australia Trading's passion for locally manufactured goods, the school blazer textile market is taking notice of Across Australia Trading with its new range of Aussie Wool Fabrics.

Certified: Aussie Wool Fabrics are made of Australian Merino wool fibre exclusively.

Across Australia Trading is now the preferred supplier of Aussie Wool Fabrics, an exclusive range of Australian Merino wool fabrics for colleges, schools and clubs. Not only do we support local schools and colleges with access to an affordable range of premium fabrics, our reach extends into the design schools and to young Australians. This means Aussie Wool Fabrics will be seen by customers locally and internationally. Customers everywhere will know with certainty that Aussie Wool Fabrics uses certified Australian wool and they won't want anything else.

By choosing to buy from us you are supporting Australian wool growers and Australian jobs. With a select range of school blazer fabrics, you are securing a consistent quality fabric supply. The school blazer is the signature garment in your school uniform and an Across Australia Trading blazer is manufactured from high quality Australian Merino pure wool and wool blend fabrics. Aussie Wool Fabrics is in a class of its own.

I look forward to meeting with you to discuss this further with you and how we can work together to use Aussie Wool Fabrics for your school uniform needs.

Regards,

Felix K.

Managing Director
Across Australia Trading

Across Australia Trading

From shed to shelf.

Wool produced by Merino sheep is influenced by factors such as age, breeding and sheep husbandry practices. Our Aussie Merino sheep usually run in mobs of similar sex and/or age.

There are over 30,000 Australian woolgrowers in Australia and approximately 60 million Merino sheep shorn annually.

Understanding the complexities of wool fibre, Aussie Wool Fabrics can control the selection of premium Merino wool to ensure premium, safe, healthy and breathable 100% Australian grown wool is used for the production of our select Aussie Wool Fabrics ranges.

Across Australia Trading remains the preferred supplier of Aussie Wool Fabrics.

Premium blazers with Aussie Wool Fabrics: Made in Australia.

Photo courtesy: Immanuel College | Immanuel College is renowned for being a 'school of choices' that provides opportunities for students within an outstandingly broad curriculum and an exceptional range of extra-curricular activities.

Photo courtesy: Prince Alfred College | Prince Alfred College is one of Australia's leading boys' schools and is located in spacious grounds near the centre of Adelaide, South Australia.

There has never been a more important time to support Australian manufacturing.

We understand the value of Australian farming and local manufacturing. All garments produced with Aussie Wool Fabrics by Across Australia Trading are made right here in Australia, supporting Australian workers and jobs.

Our Australian Made jackets for girls' colleges feature a contemporary and conservative design for young women while our blazers for boys and girls are selected for a comfortable unisex design.
